Carol:

I'd say Bethpage. That is a little closer to the site.

My work cell is 518-669-0424.

Text me or call me when you are approaching.

Thanks
Jason

Thank you Jason. Would it be easier for you to meet me at the Bethpage or Hicksville stations? I could take the train which arrives in Hicksville at 12:04 pm, and at Bethpage at 12:09 pm, and I can wait for you at whichever station works better for you.

Ok. What time were you thinking of arriving?

We are traveling down that morning. I am thinking we will be available after 12/1230 if that will work?

Carol:

I think we need to go with Tuesday. I just am not 100% sure yet on the Water District Meeting.

Sorry about that.

Jason

Good morning Jason – I figured I would touch base with you regarding whether there was any update on whether you are meeting with the water districts next Wednesday morning?

Thanks,
Carol

Thank you Jason. If it turns out that if Wednesday morning works for you, it would be better for us because Nidal would have the opportunity to see the sites. Otherwise, it would be fine if I did Tuesday alone. How about if we make a final decision by COB tomorrow, based on the availability of the water districts to meet with you.

Thanks,
-Carol-

Carol:

That would be fine. We can pick you up.

Can you give me a day or so though? I did just find out the Water Districts have an AWWA conference next week. Some of them may be out of town so our meeting Wednesday morning may be off.

Do you have a preference? If Tuesday simply works better for you, lets just go with that if you want.

Thanks,

Jason
